Re: Brindlee Mountain Telephone Company
Notice of De-Tariffing Common Carrier Wireline Broadband Internet Access
Transmission Services
CC Docket No. 02-33

Dear Ms. Dortch,

On behalf of Brindlee Mountain Telephone Company (the "Company"), and pursuant to the Commission's Report and Order in CC Docket No. 02-33 (rel. Sept. 23, 2005) (the "Order"), we provide formal notification that the Company intends to offer wireline broadband Internet access transmission service on a de-tariffed basis. Consistent with the Order, the terms and conditions of this service will be posted on its website and be generally available to prospective customers.

To effect this transition, the Company will request its removal from the list of carriers providing Digital Subscriber Line service under NECA Tariff F.C.C. No. 5, effective no earlier than March 1, 2006 (Study Area Number 250283).

The Company has only one Digital Subscriber Line Service customer, and that customer is an affiliate of the Company. Notification to that affiliated customer was accomplished January 27, 2006 by e-mail. A copy of the notification is attached. In addition, a copy of this filing, including the attached notification, is being sent to the Governor of the State of Alabama, the Alabama Public Service Commission, and the Special Assistant for Telecommunications, Department of Defense. NECA is also being served with a copy of this notification.

Please refer any questions or correspondence to the undersigned.

Respectfully submitted,

Sylvia Lesse

Brindlee Mountain Telephone Company

January 27, 2006

Mr. Michael D. Weaver, President
Otelco Telecommunications LLC
505 3rd Ave East
Oneonta, AL 35121

Dear Mr. Weaver:

This letter provides formal notification that on or after March 1, 2006, Brindlee Mountain Telephone Company (the "Company") will no longer offer tariffed DSL Access Services to the public in its ILEC serving area in Alabama, an area including portions of Blount, Cullman, Marshall, and Morgan Counties. Currently, DSL Access Service is offered by the Company pursuant to its interstate access tariff, NECA F.C.C. Tariff No. 5. As required by the FCC, the Company will continue to offer services under the terms and conditions offered under the tariff on a grandfathered basis for a period of one year.

The DSL Access Services to be detariffed typically are used to provide high speed broadband transmission services to an internet service provider's end user customers. While we are not discontinuing this service, the rates, terms and conditions of service will no longer be provided under the NECA Tariff but instead will be posted on our website and generally available to prospective customers.

These actions are taken in accordance with the FCC's Report and Order, released September 23, 2005, In the Matter of the Appropriate Framework for Broadband Access to the Internet Over Wireline Facilities. See FCC Document "FCC 05-150" and FCC Docket "CC Docket 02-33".

Please contact me at 256 586-1420 if you have any questions.

Sincerely,

Dennis Andrews
Sr. Vice President
